

PUBLIC NOTICE

Off Highway Vehicle (OHV) Restrictions in Bob Creek Wildland

Only certain OHV's may be used on the designated trail system within the Bob Creek Wildland Provincial Park. These units are defined in the map brochure available for the area, and generally described below:

- Quads or snowmobiles are the only type of OHV's permitted.
- A quad cannot exceed 386 kg (factory weight)
- Quad must be equipped with low pressure tires
- Quads wheel base can be no greater than 1.55 meters in length and 1.22 meters maximum width.
- All OHV's must have valid registration and insurance.
- OHV use is permitted from May 1st to December 20.

OHV users found travelling off of designated trails or using unauthorized OHV's will be subject to prosecution.
