

Fossil Investigators!

A hands-on investigation to understand fossils

Top 3 Experiences:

Touch and hold dinosaur fossils found in DPP

Hike in the Badlands

Learn about what this place was like 75M years ago

Grade: K-3

Cost: \$7/student

Duration: 2-2.5 hrs

Book a program:

403.378.4344

Dinosaur Provincial Park is located 48km NE of Brooks, Alberta
albertaparks.ca/dinosaur

Discover the diversity of animals that lived in Dinosaur Provincial Park during the Late Cretaceous. Students will engage with fossils to determine how animals would have interacted with one another 75 million years ago in this hands-on outdoor program.

Prepare for the Badlands:

Classes travelling to Dinosaur Provincial Park should be prepared by wearing closed toed shoes, appropriate layers, and bringing water.

Curriculum Outcomes:

- K - I am Unique
- 1 - Senses
- 2 - Inquiry
 - Flying and Crawling Animals
- 3 - Rocks and Minerals

Have a special focus or classroom inquiry? We also offer custom hikes and in-class presentations to meet your needs!
